

Custom Lunar Strategy Roadmap

Build a clear, realistic plan for lunar and Martian engagement

From £6,500 • Custom consulting engagement

A tailored, in-depth strategy project that helps you develop a structured roadmap for engaging with lunar and Martian opportunities — including feasibility, regulatory guidance, and market entry planning.

Key Benefits

- A clear, prioritised view of the best opportunities for your organisation
- Deep regulatory and compliance understanding
- Realistic assessment of what's feasible
- A phased implementation roadmap with milestones

What's Included

- Opportunity identification and prioritisation
- Regulatory & policy analysis (Artemis Accords + national frameworks)
- Market & competitive insights
- Risk assessment and mitigation options
- Phased implementation roadmap + recommendations

Ready to build your lunar strategy? Let's scope your roadmap.
